

School TSSA Goal and Plan

School: Copper Canyon Elementary

2025-2026 School Plan

John Dewey is credited with saying, "We don't learn from experience. We learn from reflecting on experience."

Reflect on 2024-2025 TSSA Plan -- Consider the following questions or create your own:

How has our TSSA plan supported our schools' vision, mission, and beliefs?

How has our plan supported the District's vision, mission, and beliefs?

How has our plan improved school performance and student academic achievement?

What action steps have had the greatest impact on school performance and student achievement?

What have we learned?

What are our next steps?

We will continue to focus on increasing growth of students in the area of literacy/language arts and math through the use of instructional coaching, digital teacher leaders, and implementation of 95% Walk to Read strategies and instruction. Teachers in grades K-6 continue 95% Group instruction and interventions with all students. All teachers in grades K-3 have continued implementation of Really Great Reading Tier 1 instruction in their classrooms. Our instructional coach provided professional development and guided teachers through coaching cycle in areas of their choosing. Many teachers improved in their highest areas of need! -- Our coach and digital teacher leader provided instruction to teachers for classroom blended learning. They supported teachers in implementation of software intervention programs and key technology tools and strategies for engaging students. (NearPod, Google Classroom, CANVAS, Canva, etc.). --TSSA funds were used to purchase Chromebooks to help us continue with 1 to 1 technology. We keep the District's vision in our goals. We plan to increase academics through RISE benchmark practice, helping us becoming more proficient as a school. We review our goals monthly to track our progress. We have learned what we focus on, grows. We will continue to improve student outcomes.
