

Copper Canyon SCC 1/23/2026

Safe walking routes were reviewed and approved. Discussion points included carpool lines and crosswalk safety.

Data dive with SCC- MOY Acadience scores were reviewed and compared to BOY and last year. No questions or concerns from SCC members.

Final report from 2024-2025 reviewed. Discussion about our 3% increase (goal) in scores for the entire school. This goal was set with the previous administration. We made 2% growth. The new, adjusted goal is 1% increase in Acadience test scores.

The question was brought up of what we are doing to increase tests scores in the school. Focus areas are that Attendance is 98%, up from 90%. We have an academic team that is working on teacher best practices and data drives throughout the school year.
