

Loading/Unloading Access Zones Map

Copper Canyon Elementary Loading/Unloading Access Zones Parent Pick-up, Drop-off Map

Parents,

Please pick up and drop off your students in the parking lot that is located south of the school. The parking area on the west side of the building is used for buses only. Please pick up students from the curb only. If you choose to park in the south parking lot, you must walk over to the crosswalk and escort your children to the car. The parking lot is too dangerous for students without adult supervision. Here are the loading/unloading rules:

1. Please be courteous to the teachers and staff on duty.
2. Only use the drive through lane if you are going to park in the parking lot or you have already dropped off your kids. Never use this lane for dropping off or waiting for children. You should NEVER park in the drive through lane.
3. If you can move up, please do so safely and as soon as you are able. Also, as soon as you get into the drop off area, let your kids out immediately and leave using the drive through lane so that others can load/unload their children.
4. Always drop off BEFORE the crosswalk by the flagpole. Please do not load/unload past the crosswalk.
5. You may consider dropping your children off at a safe location away from the school. Your children can easily walk a few blocks even in cold weather. Make sure you are obeying traffic rules and you are not blocking traffic. Make sure your children are crossing streets with the crossing guards or following safety rules.

Text Description of Walking Routes

In this section you should divide your walking map into sections or zones and then provide a written description of the path students should take to walk to school. This description should accompany the visual map. **PLEASE HIGHLIGHT CHANGES FROM PREVIOUS SNAP PLAN.**
